As we gear up for our next campaign, now is a great time to join (or start!) a local group. We now have groups all over the UK to get involved with!

Follow this link to sign up: <https://actionnetwork.org/forms/plant-based-future>

Joining a local group is a great way to meet new people, plan local actions and start localised campaigns. There are often socials or the paint-the-streets actions to get involved with at the weekend.

As the climate and animal crises continue, now is the time to form strong communities with people in your local area and take action together to call for animal and [#ClimateJustice](#).

Over the next few weeks we will be announcing more about our upcoming campaigns, but until then get involved locally!
